

Workshop on  
**Learning Software Organizations (LSO 2008)**  
**Methods, Tools, and Experiences**  
**Program**

**June 23, 2008**

- 09:00 – 09:10 Welcome and Introduction
- 09:10 – 09:45 Keynote Talk: Ten years of LSO research – Looking back and forward (*working title*)  
*Frank Bomarius, Deputy Director, Fraunhofer-Institute for Experimental Software Engineering (IESE), Kaiserslautern, Germany*
- 
- 09:45 – 10:00 *Coffee Break*
- 
- 10:00 – 12:00 Paper Session #1
- Key Strategies and Principles to Enhance Learning and Improve Processes in Software Organizations  
*Richard Bechtold*
  - Learning from Software Measurement: Close the Loops and Experimentally Discover  
*Jos J.M. Trienekens, Rob J. Kusters, Kees J. Wehrmeijer*
  - A Software Organization Platform (SOP)  
*Sebastian Weber, Ludger Thomas, Ove Armbrust, Eric Ras, Jörg Rech, Özgür Uenal, Martin Wessner, Marcel Linnenfelser, and Björn Decker*
- 
- 12:00 – 13:15 *Lunch Break*
- 
- 12:15 – 13:20 Outlook to Afternoon Sessions
- 13:20 – 14:40 Paper Session #2
- Documentation Components of Software Development and their Management Based on International Standards  
*Shoichi Morimoto*
  - Learning How Developers Search for Source Code with Implicit Relevance Feedback  
*Hans-Jörg Happel and Ingo Steinbauer*
- 
- 14:40 – 15:40 Working Session #1: Current challenges for LSO's
- 
- 15:40 – 15:50 *Coffee Break*
- 
- 15:50– 16:50 Working Session #2: New Technologies for LSO's
- 16:50 – 17:30 Closing remarks (incl. book preparation planning)
